

Greetings, all!

The following update comes from ASEC Mission Partner the [National Academy of Social Insurance](#).

As part of America Saves Week, the [National Academy of Social Insurance is hosting a Twitter Chat](#) next week on **Wednesday, February 24**, at 1:00pm. Using the hashtag **#ItPays2Wait**, we will be posing questions to participants about their strategies for saving for retirement, the importance of Social Security, and the advantages of waiting to take benefits, when feasible. As experts in the financial literacy field, your comments and insights during the chat would be extremely valuable.

Feel free to simply tune in and participate next Wednesday if you are able. We also welcome any promotion of the event you might be able to do via social media channels. I am attaching a graphic that is an easy way to share the event information. Thanks, and please feel free to get in touch with me if you have any questions or comments.

How does waiting to claim **#SocialSecurity** contribute to a secure **#retirement**?
